## How to turn **Blu▶LYNC®**-TITAN on and off

Press the power button until the LED indicator lights **blue** and **red**. The indicator will flash **red** until it finds the device it is paired with.

Note:

Whenever **Blu▶LYNC®**-TITAN is turned on it will automatically connect with the last Bluetooth device it was connected with.

To turn it off, press and hold the power button. The LED will turn **red** and then turn off.

---

## Connecting **Blu > LYNC®** -TITAN Adapter with a Bluetooth device

1. Press hold the power button for 6 seconds.

The LED will flash **red** and **blue** alternately while in pairing mode.

2. Put the Bluetooth device into pairing mode following its pairing/connecting instructions.

3. When the **Blu > LYNC®** -TITAN LED starts flashing **blue** only, it is paired and connected.

**Blu > LYNC®** -TITAN supports the "Headset" Bluetooth audio profile.
